President's Message

Greetings everyone...

Dear IDA Family...

We are holding two events in September.

First event is Investment luncheon with the ZT corporate at Kiran's restaurant on September 10th. Please look out for flyer and register early as seats are limited.

Our second event is a Bollywood musical event at Stafford Civic center on September 30 th, 2022 at 6 pm. The musical event will begin with a dinner (6 to 7.45 PM) followed by a program that will include great entertainment (8 to 10.45 pm). This year, Niche entertainment from Bollywood is delighted to present its latest spectacular musical Black and White II, which is a story of an era of two colors. The presentation format is a stage musical with an attempt to give a third dimension to the celluloid screen.

A Portion of the sponsorship will be donated to Indian Doctors Charity Clinic at Houston. If you are interested in being a sponsor, please call 713 446 9572.

If you would like to get tickets or a table, please visit IDAHOUSTON.ORG. If you would like to mail a check made out to IDA, please send it to IDA Houston, ATTN: Atasu Nayak, 4111 Ruskin street, Houston, Texas 77005.

I request your full participation and cooperation.

Thank you and God bless you all.

India Ministry of Culture: Lotus Mahal

Lotus Mahal is one of the most famous architectural landmarks in Hampi. Its lotus-like structure immediately endears it to visitors and is a must-visit place. This building lies within the Zenana Enclosure, which was a segregated area used by royal women of the Vijayanagara dynasty. Also known as Kamal Mahal or Chitragani Mahal, the exquisite structure of the building boasts a central dome that is carved like a lotus bud. The passages and the balcony are also covered with a dome resembling an open lotus bud. The curves of

the palace reflect an Islamic style of architecture while the multi-layered roof design is reminiscent of Indo-style of buildings. The palace is a two-storeyed structure and has been symmetrically designed. Surrounded by a rectangular wall, it has four towers in a pyramidal shape that look like a lotus as well. The walls and pillars both have beautiful carvings of birds and sea creatures on them
