

Indian Doctors Association

Greater Houston

November 2021 Edition

President's Message

IDA hosted a Holiday Mixer at the Doubletree hotel on 13th of November. It was well attended by IDA members and sponsors. The guest speaker, Dr Ankush Raj Gaur from California spoke about Health care economics. The program ended with dinner by Madras Pavilion and melodious singing by Saregamapa winner Salil Bhadekar and Kashmiri Nayak.

COVID is still here. We are not out of the woods yet. In the USA, we still have a 7 day average of more than 80000 new cases. We need to follow CDC guidelines and take the booster vaccine.

We will do many more programs including mixers, picnic, CME and gala next year. Any suggestions or input is welcome. We look forward to your participation in every IDA activity. Looking forward to a successful year in 2022.

Thank you for your help and support to IDA as always. Please stay safe and healthy and we all are looking forward to December.

Hardinge Medical College in New Delhi, India. She completed her Internal Medicine residency at The University of Texas Medical Branch at Galveston in 2007, followed by her fellowship in Diabetes, Endocrinology, and Metabolism in 2009, when she served as Chief Fellow.

Over the course of her career, she has cared for patients at the Endocrine & Psychiatry Center in Houston from 2009 to 2011. She also served as Endocrinology Section Chief at the Advocate Illinois Masonic Medical Center from 2011 to 2017 and as an Assistant Professor of Endocrinology at the University of Illinois at Chicago.

Her main clinical interests are managing diabetes mellitus, obesity and PCOS.

Vinita has been very active with the American Association of physicians of Indian origin (AAPI) on the national level. She was the President of National AAPI: Young Physicians' section (AAPI) in 2011-2012 and the secretary of National AAPI: Medical students, residents, and fellow section in 2008-2009.

She was also active on the board of the Indian Doctor's Association since 2007 when she started as a resident liaison and then was on the board of directors from 2008-2010 and then the treasurer in 2010-2011 following which she moved to Chicago. She is excited to be on the IDA board again in this upcoming year.

In her free time, Vinita spends much of her time with her husband and their young children.

MEMBERS CORNER

Annual Member
Dipesh Batra, MD

Dipesh Batra is a Pediatrician, who has been taking care of a medically underserved population for the last 20 years, first in Florida and now in Texas.

He did his medical school from Government Medical College, Patiala and his Residency from The Brooklyn Hospital Center, NY. He went on to do a fellowship in Pediatrics Cardiology at the University of Miami/Jackson Memorial Hospital. Thereafter he started taking care of medically underserved communities in Central Florida and Naples, Florida.

10 years ago, he moved to Houston Texas and started a Pediatrics practice from scratch and has been taking care of the medically underserved population since then.

He is a Clinical Assistant Professor at Baylor College of Medicine. He has been the past Brand Ambassador for HCMS and is currently serving various committees of HHSC including the e-health advisory committee, the telemedicine committee for behavioral health and was associated with The Meaningful use committee for 2 years.

His other interests include travel, singing, theatre, biking and running marathons. His wife, Ashu, is also a Pediatrician and they have two wonderful daughters. Mehak is 19 years old and Chaahat is 15 years old.

MEMBERS CORNER

Annual Member

Ashu is a Clinical Assistant Professor in Baylor College of Medicine and enjoys travelling and spending time with her family and has lovely daughters, Mehak and Chaahat.

India Ministry of Culture: Lakshadweep

Lakshadweep is one of the world's most spectacular tropical island systems. Thirty-two sq. km of land spread over 36 islands surrounded by 4200 sq. km of lagoon rich in marine wealth. The precious heritage of ecology and culture is supported by an extremely fragile ecosystem. Committed to the cause of Ecotourism, Union Territory of Lakshadweep has consciously followed a middle path between tourism promotion and environmental conservation. The Administration is carefully monitoring the environmental impact of coastal tourism and has taken steps to promote tourism in a way that is consistent with ecological concerns. As an effective strategy to avoid pressure on ecological environment, the efforts to promote tourism have been synchronized with the carrying capacity of the islands..
