

**Indian Doctors Association**

**Greater Houston**

November 2022 Edition

## President's Message

Greetings everyone...

Dear IDA Family...

Wishing you a very Happy Thanksgiving. May this Thanksgiving holidays bring you and your family lots of love, peace and happiness.

We had an excellent combined IACCGH/IDA mixer at Elite restaurant, Sugarland and Clear Lake mixer at Noon Mirch restaurant. Chamber mixer was attended by local political representatives and consulate General of India, Houston Mr. Aseem Mahajan. These mixers have helped to create new relationship and opportunities for all of us. Photos are available at the IDA website.

Our next event is a Memorial/Galleria mixer at Mr. D's Studio on December 10, 2022. Please visit the wonderful art gallery at the studio during the mixer. There will also be a complementary informational workshop on Estate planning mistakes, solutions and strategies presented by Amir Dodhiya. It has been designed specifically to discuss how

you can minimize your estate taxes while maximizing the assets you pass to your heirs. Delicious food will be served by Mai Colachi along with drinks. Valet parking is complimentary. Seats are limited. Please register early with your friends.

Each year IDA provides scholarships to High School Seniors of the Greater Houston Area. The 2023 Scholarship Application is accepting submissions. The deadline for submission is November 30th, 2022.

Have a wonderful Thanksgiving meal and enjoy your time with friends and family.

## India Ministry of Culture: Manas Wildlife Sanctuary

*Located in the foothills of the Himalayas, which give way to tropical forests and alluvial grasslands, the Manas Wildlife Sanctuary is teeming with diverse fauna. These include endangered species like Indian rhinoceros, Indian elephant, tiger and pygmy hog. Some of the other animals you can spot include golden langurs, bison, deer, red panda etc. The sanctuary offers*

*amazing opportunities for birdwatching as well. You can spot avifauna like Bengal florican, great pied hornbill, wreathed hornbill, greater adjutant, and many more. Since the park is watered by the Manas river, aquatic life flourishes richly in it.*
